

2025.8.29 First Closing of Unison Capital Partners VI, LPS

We are pleased to announce the establishment of Unison Capital Partners VI, LPS (“Fund”). Together with its parallel vehicle, Unison Capital Partners VI (F), L.P., the Fund is targeting a total commitment of JPY 80 billion and will continue fundraising toward the final closing.

The Fund will seek to fully leverage the expertise Unison Capital, Inc. (“Unison”) has accumulated over the past 25 years. Unison will continuously concentrate on investments in sector groups synonymous with the most consistently replicable investment theses and investments in which structural inefficiencies and secular trends specific to Japan present unique growth and value creation opportunities through optimal resource and capital allocation, alongside implementing ESG initiatives. Specifically, the Fund will focus on consumer, B2B services, and healthcare, which are the industry groups in which Unison’s accumulated expertise has proven to be most applicable.
